‘Amos’

Another monster from the originators of ‘Empress Wu’ Brian and Virginia Skaggs, this large-leafed blue green hosta very round, rippled and waxy leaves that are somewhat attractively wrinkled here and there. It makes an impressive clump in the garden. **\$12 each**

‘Hide and Seek’

A delightful sport of ‘Hideout’ this beautiful little hosta emerges stark white in the spring and then becomes an attractive shiny green mini, just in time for summer’s heat! The perfect white hosta that won’t melt before it turns green. **\$15**

‘Jane’s Blush’

This beautiful medium hosta features waxy blue heart shaped leaves with a dreamy wave around the edge. Magically, the leaves blush purple in the early spring becoming blue again in summer. It’s a rare find from the late Jane Diesen. **\$18**

‘Louie Louie’

Another high quality hosta from Don Dean, this medium-sized hosta has a wonderful upright posture with white margins that are intensely wavy. This fast growing hostas has the extra bonus of burgundy scapes and creamy green bracts in late summer. Seeing it in the garden might just inspire you to sing, “Louie Louie oh no...” **\$12**

‘Victory Lap’

Another new large hosta from Doug Beilstein. You will love the way the wide white margin makes a full 360° ‘Victory Lap’ around this hosta’s very round leaves. The strong leaf veins are filled with small puckers creating streams of color that flow back toward the center of the leaf. This hosta is a sure winner. **\$15**
