Spring 2023 Hosta Liner List January Availability

Happy New Year!!!

For the last several years we have been offering some of our best new hostas as liners. As our production grows, this year we are able to offer several more cultivars than we did a year ago. Many never before offered hostas will appear on our May list also. We will send you several availability lists of our Classic Hosta Liners™ this year with different delivery times.

We are all too aware that we have been in inflationary times over the past year and the trend looks like it may continue for some time into the future. Like you, our costs for everything from plastic to shipping supplies have risen dramatically. And yes, the prices for the hostas we get from the lab are rising too. We will do our best to absorb as much of these increases as possible and pass as little of these added costs as we can on to you. We are all in this together.

Our liner prices are generally one half or less than our bare root plants which in turn are less than half of their retail price. For Example: Our very popular 'Frost Giant' is a \$4.50 liner, a \$10.00 bare root plant for a hosta that averages \$20.00 retail.

- Some quantities are very limited so be sure to order early.
- Hostas are sold in multiples of 12, full flats are 96 plants, up to 8 cultivars.
- The minimum order is 12 per cultivar with a total minimum liner order of 48 plants.
- These liners have gone through a winter dormancy here at the nursery in North Carolina.
- These hostas will be ready for February delivery as dormant plants or later after they leaf out in April and May.

'1st and Ten'

Very Large (32" x 50" maybe larger)
(D. & M. Beilstein 2013) - ('Brutus' x BEV3-MOM seedling)
\$5.00

This is a big hosta! It is almost 3 feet tall with very large shovel-like blue-green leaves with good substance. Part of Doug Beilstein's gridiron series, it is a seedling from his very popular 'Brutus'. I love its dramatic leaf veins and upright habit.

‘Avocado Toast’

GHF Introduction

Medium (10" x 22")

(R. Solberg 2020) – (Sport of ‘Lemon Snap’)

\$7.50

Medium. Named after the very popular brunch menu item, this sport of ‘Lemon Snap’ looks as appealing as it sounds. This medium-sized hosta still maintains the attractive red petioles and cupped and puckered leaves of the very popular ‘Lemon Snap’, but it adds a unique, green-colored center for a distinctive hosta.

‘Big Bubba’

Large (38" x 54")

(C. Hanna 2018) - (‘Amos’ x OP)

\$5.00

Large, upright green, somewhat unruly leaves that are loosely cupped, folded, and ruffled. Throw in a few puckers and you have a great big good old boy hosta. New introduction from Clarence Hanna.

‘Blazing Hot’

GHF Introduction

Medium, (18" x 36")

(M. Zilis, R. Solberg) – (Sport of ‘Blaze of Glory’)

\$5.50

This one jumps out of the ground on fire. The sturdy, bright yellow leaves are bordered by medium green margins that really show off their colors. It probably would like more sun than I give it here in the nursery as it tends to green up in summer. Limited.

‘Blessings’

Medium, (14” x 26”)

(P. Aden 1983) – (unclear, probably a sport)

\$4.00

A favorite of our Registrar Gayle Hartley Alley, maybe mostly for the name, but for the plant too, old school hostas have a way like fashion of coming back in style. Yes, this one might drawstring a little but that is the appeal. It just might be your style too.

‘Blue Jeans Bling’

Medium, (21” x 36”)

(D. Ruff 2019) – (‘Fickle Blue Jeans’ x ‘Queen of the Seas’)

NEW \$5.50

‘Bluebird of Happiness’

GHF Introduction

\$4.75

This fun yet, elegant, blue hosta is a Green Hill Farm new introduction. A tetraploid, this medium-sized hosta features thick leaves with super substance that fold and wave, perhaps reminding you of a bird of paradise. The thick wax creates beautiful blue leaves that shine almost white in the right light. Just as the legend goes, this hosta should be a harbinger of happiness in your own garden.

‘Brocade’

Medium, (10" X 24")

(G. R. Goodwin 2013) – (‘Grand Slam’ seedling)

NEW \$6.00

This hosta has a shiny bright yellow glow in the early spring garden. It does become greener in summer, but its nicely ruffled leaves still demand closer inspection. It will enjoy some sun but not too hot in the afternoon. This is a pretty hosta.

‘Buttonwood Bay’

GHF Introduction

Medium, (13" X 28")

(R. Solberg 2023) – (‘Tongue Twister’ X (‘Iwa’ X ‘Blue Blush’)) X F2

NEW Introduction \$6.50

Imagine you are in the Keys, standing on the rocky shore, yes, rocky, looking out toward the distant Intracoastal Waterway. The water has a light chop, driven by a steady breeze. Our new very blue hosta reminds me of moving waves, continuously rolling west toward the sunset. Yes, Buttonwood Bay is a real place and on the ruffled, pointed leaves of this hosta my mind can sail away.

‘Charlie Jane’

Large, (32" x 70")

‘Dandy Lion’

Large, (28" x 40")

(D. & M. Beilstein 2011) – (‘Green Piecrust’ X ‘Just So’)

\$5.50

This may be my favorite yellow *H. sieboldiana* type hosta. It has great yellow color that gets better as the summer wears on, it is a tough nursery plant, and best of all it does not burn for me. The leaves have the classic rounded shape with a light dusting of corrugation. And I love the name, so we are bringing it back for a second run.

(Solberg 2012) - (Tetraploid form of *H. plantaginea*)

‘Dragon’s Dream’

Medium, (18" x 30")

(H. McDonell 2021) – (‘Marilyn Monroe’ X ‘Maekawa’) X ((‘One Man’s Treasure’ X Gilt by Association’) X ‘Candy Dish’))

Do dragons dream about incinerating knights or lairs full of priceless treasure? We may never know, but we do know this hosta is for those of us who dream of unique leaves and blue hostas! This new introduction from Harold McDonell maintains its blue wax well into summer when the leaves then turn deep green. 'First Blush' PP28,920

GHF Introduction

Medium, (12" X 24")

(Solberg 2015) - (48/49 seedling X 'Beet Salad')

\$10.00 each or \$9.50 for 24+ or \$9.00 for 48+

'First Blush' not only has green leaves with red petioles that extend into the leaf blade but also a thin red margin around the leaf, similar but much more dramatic than its parent 'Beet Salad'. However, the most exciting thing about 'First Blush' is that in spring the leaf between the veins will start to "blush" red from the tip of the leaf down toward the base. The leaves remain red here until temperatures surpass 92 degrees, usually into June. The color should persist longer in Northern gardens. Our first red-leafed hosta.

'Frost Giant'

Very large. (28" x 66")

(W. LeFever 2008) - (Seedling of 'Galaxy')

\$4.50

This hosta makes an upright stately clump of large pointed blue leaves with bright yellow, not cream, margins. Its moderate growth rate makes it a great nursery plant and is attractive as a one-gallon hosta. It has near white flowers in June.

‘Fruit Loop’

Small, (7” X 13”)

(D. & M. Beilstein 2013) - ([('Minuta' F1 seedling B X 'Shining Tot') X ('Lakeside Looking Glass op.)])

\$5.50

Not quite a mini, this very small hosta has very bright wide white margins on cute little round leaves that are cupped and puckered. It has good substance and makes a tight, neat clump. It will brighten up any mixed container or trough!

‘Glossy Ruffles’

Large, (24” X 45”)

(D. Ruff 2016) - ('Invincible' seedling)

\$4.25

Do you like your hostas to shine, I mean really shine? This large, fast growing 'Invincible' seedling from Doug Ruff has very waxy ruffled green leaves that look almost wet. Perfect in that sunny corner by the walk. It has white flowers in July.

‘Hide and Seek’

GHF Introduction

Mini

(E. Parks and R. Solberg 2019)

\$5.00

So many hosta folks are enamored by all white hostas only to be disappointed when they do not grow well for them. There is always a race for them to turn green before they melt. This little sport of 'Hideout' is a winner! Emerging pure white it becomes a very attractive green hosta in late spring.

‘Hillary’

Medium, (16" x 32")

(C. Kwick 2017) – (H. ‘Sea Gulf Stream’ x OP)

\$5.00

This medium hosta grabs your attention with the uniquely shaped leaves that are rounded, domed, and have prominent veins. Additionally, this seedling from Charlie Kwick keeps its yellow color all summer long.

‘Hogwarts’

Medium, (24" x 36")

(D. & M. Beilstein 2022) – (‘Clear Fork River Valley’ X (‘Brutus’ X *H. montana* f. *macrophylla*))

NEW Introduction \$7.50

I do not think you can fit one more little wart on these extremely thick, dark green leaves. Don't you just want to run your thumb and forefinger across the leaf surface just for fun? It is a first-time introduction as a liner from Doug Beilstein.

‘Kim’

(31" x 50")

(C. Kwick 2016) - (‘Komodo Dragon’ x Unknown)

‘Ladybug’

Mini-Small, (10" X 22")

(D. & J. Ward 1996) - (‘Vanilla Cream’ seedling)

\$5.00

I like minis that look a little different. It is an interesting yellow seedling from ‘Vanilla Cream’ and Dick Ward that has ruffled leaves and a good growth rate. It is a little too large to be a true mini but still a perfect fit with the rest of your little ones.

‘Leather and Lace’

Small, (11" x 27")

(D. Dean 2013) – ((‘Liberty Bell’ X ‘Urajiro Hachijo’) X ‘Ebony Spires’) X (‘Astral Bliss’)

NEW \$5.50

I fell in love with this little hosta when I first saw it in the growing darkness of Don Dean’s Garden. I love the clean white margins on a pinwheel of blue foliage, the softness in combination with the toughness. It makes a great container plant placed so you can show it off.

‘Lemon Kiss’

GHF Introduction

Mini, (5" X 10")

(R. Solberg 2019) – (‘Smiley Face’ X ‘Beet Salad’)

\$4.50

The very cute mini has bright yellow round leaves with good substance and intense beet red petioles. It makes a very flat mound of tight foliage, a perfect specimen plant. It needs some shade since it stays yellow all summer.

‘Little Squirt’

Mini, (4" X 8")

(D. & M. Beilstein) – (‘Little Jim’ X ‘Green Sheen’ X OP)

NEW \$5.50

Doug writes in his registration, "This little shaver grows quickly into a compact clump with long narrow leaves on short petioles. Slightly folded and ruffled (green) leaves make this clump look like a pin cushion." The white flowers on short scapes are perfectly proportioned. You could use this one as a groundcover, or a lawn.

‘Love of My Life’

GHF Introduction

Medium, (10” x 20”)

(R. Solberg 2019) – [(‘Smiley Face’ x ‘Beet Salad’) x (‘Peacock Strut’ x ‘Beet Salad’)]

\$5.50 Limited

Medium, (14” X 30”) Yes, I love this very special hosta. It is a cross of my ‘Sun Shower’ and ‘Designer Genes’ that sported right away from an all-yellow plant to one with a green edge. Having H. *longipes* and H. *sieboldiana* genes, in many ways it is like ‘June’ but more robust. In addition, it also has red petioles and pinkish purple scapes. It is very sexy in the spring!

‘Michigander’

Large, (26” x 48”)

(W. G. Struhar) – (Sport of a seedling, ‘Sutter’s Mill’ X ‘Big John’)

\$5.50 Limited

(B. & D. Stegeman 2004) – (‘Potomac Pride’ X ‘Neat Splash Rim’)

‘One-trip Salad Bar’

GHF Introduction

Small, (7" x 14")

NEW \$6.50

Some hostas just have the look of lettuce, Bibb lettuce; they really do. This sport of my little yellow hosta, 'Lemon Kiss' has very rounded, cupped leaves that are yellow with a dark green leaf center and seem to reach up waiting for you to pick it up.
